Fax: 01768 890468

*Producers, Packers and Distributors
Of Quality Free Range Eggs*

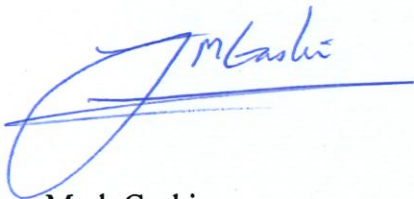

TO WHOM IT MAY CONCERN

The Lakes Free Range Egg Company do not import any eggs whatsoever.

All of our production is produced within the UK and in accordance with the British Lion Scheme, some of the most rigorous global food-safety standards.

These high standards, throughout the supply chain, include the fact that hens are vaccinated against Salmonella and are fully traceable back to source.

Our customers should have complete confidence in our product.

Mark Gaskin

Managing Director
The Lakes Free Range Egg Company
